Garden Care Team Leader

We are seeking an Experienced Garden Care Team Leader to join our team.

Garden Care Team Leaders will have a passion for a job well-done, strong leadership skills, and the ability to handle the physical demands of outdoor work. Garden Care teams are prepared for success with quality tools, equipment, and plants to complete a project. Garden Care Leaders and team members are not required to work overtime and do not work weekends! This position operates a seasonal schedule March – November.

Skills Required: Willingness to learn, ability to give direction, stay organized, effectively communicate with the Garden Care Manager, homeowners, and team members, maintain a quick, steady work pace, identify common shrubs, perennials, weeds, work exclusively outdoors and complete physically demanding tasks; bending, squatting, lifting, pulling, digging, pushing, etc. Must be able to lift 30 lbs. Some metro driving required.

Must pass DOT Physical exam. Sargent's will incur the cost of this test.

Experience: Proven leadership experience, knowledge of trees, shrubs, annuals, & perennials, experience with pruning for trees, shrubs, and other plants, basic horticultural knowledge, experience with techniques for weeding, watering, mulching, dividing, and transplanting. Valid driver's license is required.

Join our talented team of MNLA certified landscape professionals.

Sargent's Nursery is a well-established Red Wing, MN business that offers a full-service Garden Center, high-end residential Landscape Design and Installation, as well as Professional Garden Care. Since 1928, Sargent's Nursery's Landscape designers and installation crews have been crafting a reputation as the place to turn in the Red Wing area for beautiful and function landscape designs, quality installation, horticultural knowledge, and friendly client services. We design and install residential and commercial projects including hardscaped retaining walls, paver and natural stone patios/walkways, as well as focusing on our passion—PLANTS! We also provide residential and commercial garden maintenance programs to help clients care for their landscapes, seasonal containers, and garden plantings.
